1. By signing this form, **you (the author(s) or other copyright owner) hereby transfer** your copyright to us (IM Publications). In particular, this means that you grant us the exclusive right, for the full term of copyright and any renewals/extensions thereof, both to reproduce and/or distribute your article (including the abstract) ourselves throughout the world in printed, electronic or any other medium, and in turn to authorise others (including Reproduction Rights Organisations such as the Copyright Licensing Agency and the Copyright Clearance Centre) to do the same. You agree that we may publish your article in the publication named above, and that we may sell or distribute it within the publication, on its own, or with other related material. In return, we agree to publish your article at our expense.
2. **You warrant (i.e. promise)** that the article is your original work, has not previously been published, and is not currently under consideration by another publication. If it contains material which is someone else's copyright, you promise that you have obtained the unrestricted permission of the copyright owner (please attach evidence of this) and that the material is clearly identified and acknowledged within the text. You also promise that the article does not, to the best of your knowledge, contain anything which is libellous, illegal, or infringes anyone's copyright or other rights.

3. **We promise** that we will respect your rights **as** the author(s). That is, we will make sure that your name(s) is/are always clearly associated with the article and, while you do allow us to make necessary editorial changes, we will not make any substantial alteration to your article without consulting you. When the article is accepted, we undertake to publish it as soon as we reasonably can. If it is rejected, this agreement is automatically cancelled and all the rights come back to you. On publication, we will send you a free copy. We will do everything we reasonably can to maximise the visibility of the publication, and of your article within it.
  
4. **Copyright is transferred to us**, and we will indicate this in the copyright line which appears on your article. However, we grant back to you the right to use your own article (provided you acknowledge the published original in standard bibliographic citation form) in the following ways, as long as you do not sell it or give it away in ways which would conflict directly with our commercial business interests. You are free to use your article for the internal educational or other purposes of your own institution or company; mounted on your own or your institution's internal website, but not on any publicly-accessible website or other method of distribution; or in whole or in part, as the basis for your own further publications or spoken presentations.
